End of Sale Announcement: Aerohive Networks SR2024

Aerohive is announcing the immediate end of sale for the SR2024 switch. However, given the similarities with the replacement product, Aerohive is not announcing end of support or end of life for SR2024 at this time, therefore deviating and improving upon the official General Hardware End of Life Process.

Products Affected: Aerohive Networks SR2024
Announcement Date: April 7, 2014
End of Sale date: April 7, 2014
End of Support date: April 7, 2019

General Hardware End of Life Process

Aerohive Networks will provide 6 months notice prior to a products end of sale, at which time the product will no longer be available for order. Aerohive Networks will provide support for a period of 5 years following the End of Sale date. *Aerohive will actively maintain a software release that supports this product till End of Life.* This support includes RMA (Hardware repair or replacement). After a period of 5 years,
Aerohive will categorize the product as End of Life and at that point Aerohive will cease to provide bug fixes or RMA. At Aerohive Networks discretion, hardware may be replaced with similar or equivalent product.

The product must be covered on a valid active support contract in order to receive the services. Customers can renew support on an End of Sale product as long as it was in active support as of End of Sale date. Renewals must be continuous and cannot lapse during the time between End of Sale and End of Life and re-instated later.
